

# Equipment Rental & Purchase Reservations

Please consider filling out and submitting this form online at:  
<http://www.hminet.org/semester/accepted-students>

Student Name: \_\_\_\_\_ Semester: Fall or Spring (Please circle one)

We recommend that you fill out and submit this form online (see link above). If you do not have easy access to the Internet, feel free to submit this form as a paper document. Items below that have a price under the "Rent" column are only available as a rental. Items in the "Purchase" column are only available for purchase.

Note that filling out **this form does not commit you to purchasing or renting an item**, its only purpose is to ensure that we have enough inventory on hand to meet your needs before you leave on the first expedition. Note also that **this form is not a comprehensive list of what you should bring** – see the "Wilderness Equipment List" for that purpose. Several items are available to rent or purchase at HMI that are not listed here (such as bandanas and hand sanitizer) – we simply have 100+ of them in stock on a regular basis.

In past semesters 50% or more of Semester students have rented or purchased the shaded items.

Description	Rent	Purchase

### Helmet Information for students and their Parents/Guardians

We have made a carefully considered decision about helmets. HMI Semester students, faculty and staff are required to wear helmets when tied into a rope for rock climbing. We do not require students to wear ski helmets when skiing at our local ski areas or in the backcountry during the spring semester's winter skiing expedition. If you would like to wear a ski helmet, you and your parents will need to make your own arrangements to bring a helmet. *Students who plan to bring a ski helmet are solely responsible, along with their parents, for choosing and fitting their helmets and for choosing when to wear their helmets.*
